

## **WHAT TO EXPECT FROM ME**

This leaflet will explain my role and how I will help you through this process at this difficult time.

My role is to create a befitting, meaningful and bespoke ceremonial script, to deliver at the service, as per your wishes. We can start this by meeting with family and friends whom you wish to be part of the process, to talk through your requirements.

Be assured that I have written and delivered many different services, each led with dedication, care and compassion, and the trust of individuality.

I am here to support you, in the dedication of your loved one. Understandably, this is not a joyful time, but should be remembered with some comfort and fondness.

Amanda

## **HOW WE WILL PLAN FOR YOUR CELEBRATION**

Once your Funeral Director has asked me to cover your service, I will contact you by phone to arrange a meeting, usually in person, but this can be via video link.

### **At our meeting...**

\*I will check through all details and interment details with you

\*We can talk about music, readings, eulogy and tributes, including anyone who you wish to speak at the service

\* I will ask you a lot of questions, to gain a clearer picture of your loved one, and may come back to some key aspects of their lives that you wish to be included. We want the service to be individual and representative of your loved one, in any way you wish.

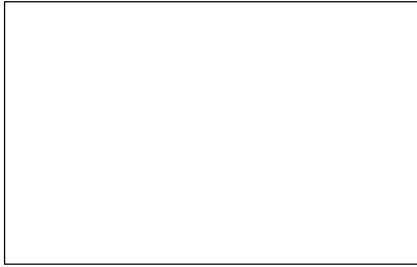

\*These meetings can be as long as 2 hours, and you never need to feel rushed. A second meeting can always be arranged.

### **Following the meeting...**

\*I will create a personalised service with all of the elements that we have agreed upon, and the life story of your loved one will be sent to you for proof reading

\*Within a time frame, you have unlimited access to me and any amendments can be made to the script and readers of tributes as needed.

If you have any more questions not explained here, I am always available to answer any queries that you may have.
