

Wild Hare Celebrant

Amanda Garton-Rea

WHAT TO EXPECT FROM ME

This leaflet will explain my role and how I will help you through this process, at this exciting time. Bring on the day in style, with a personalised, meaningful wedding ceremony, the unforgettable day that you have always dreamed of.

If that sounds like you, then we will be a perfect fit! Together we will create an experience like no other, bursting with fun and laughter, applause and emotion. No more waiting on formalities. This is your special day, and should be about you, your love story, your personalities, blessed in whatever way you wish to show and celebrate it. If you want traditional elements, tradition with a twist, personalised and bespoke...the choices are all yours. Let's create a tailored wedding together, with heartfelt vows, great music and a whole lot of fun.

When the day is over, you will have lots of photos, and a personalised script of the day to keep those memories fresh.

I am here to support you all...let's get planning!

Amanda

Amanda Garton-Rea, Celebrant

International College of
Professional Celebrants

HOW WE WILL PLAN FOR YOUR CELEBRATION

Once you have contacted me, then I will contact you, by phone, to arrange a meeting, usually in person, but this can be via media link. Remember there is no rush, you have plenty of time...

At our meeting...

- *We will check through all current arrangements and details...adaptions can always be made.

- *We can talk about music, readings, poems and tributes, including anyone who you wish to speak at the ceremony, sing a song, release a confetti canon...choices are yours.

- * I will ask a lot of questions, to gain a clearer picture of all of you, and may come back to some key aspects of your story that you wish to be included. We want the ceremony to be the greatest day of your life, for both of you, in any way you wish.

- *These meetings can be as long as 2 hours, but you never need to feel rushed. Additional meetings will be arranged closer to the date, and you can always call or Whatsap me at any time...

If you have any more questions not explained here, I am always available to answer them.
